Investigation and Evidence

MEMORANDUM

February 18, 1964

TO: Howard P. Willens

FROM: Norman Redlich

I don't know whether this has already been done but I think that a letter should be forwarded to the FBI formally requesting that all exhibits in connection with this investigation be retained under the custody of the FBI pending instructions by this Commission. We would be most embarrassed if Marina Oswald, Ruth Paine, or anyone else who owns any of this property were to request it of the Bureau and the Bureau would honor this request.
